Module Overview M.Sc. Business Administration/Industrial Engineering - Electrical Engineering and Information Technology (8 semesters)

Degree programme guidelines as per 01.10.2020, version 01.10.2023 (SB2023II)

TECHNISCHE UNIVERSITÄT DARMSTADT

The degree programme consists of 120 Credit Points (CP) in total:

Law and Economics:	**42 CP**
Electrical Engineering and Information Technology:	**42 CP**
General Studies:	**6 CP**
Master's Thesis:	**30 CP**

Language of Tuition: GERMAN

Certificates required

This leads to the following *possible* part-time semester course schedule:

1. Semester	2. Semester	3. Semester	4. Semester	5. Semester	6. Semester	7. Semester	8. Semester
Elective Area Law and Economics *(6 -8 Modules)* **(36 CP)**						**Master's Thesis** *Interdisciplinary or at the faculty of Law and Economics or Electrical Engineering and Information Technology* **(30 CP)**	
Master Seminar **(6 CP)**							
Focus Area Electrical Engineering and Information Technology *Select one profile* - Automation Systems (AUT) - Data Technology (DT) - Electrical Power Engineering (EET) - Communication and Sensor Networks (KTS) - Sensors, Actuators and Electronics (SAE) **(42 CP)**							
General Studies - General Studies - External project work - Recognized achievement without equivalent **(6 CP)**							
Ø 15 CP	Ø 15 CP	Ø 15 CP	Ø 15 CP	Ø 15 CP	Ø 15 CP	Ø 15 CP	Ø 15 CP
